## **IMPORTANT**

**\*\*Please be sure to wear powder to reduce shine on your face from the heat of summer and the flash, and bring along extra. This includes both the girls AND guys!**

Seniors are allowed up to two- four clothing changes. Pay attention to the neckline when choosing your shirts and make sure that collars lay correctly. Girls, please be sure to bring appropriate undergarments for each different top or dress you bring. The formal "yearbook" shots are close up, so you do not necessarily need to bring dress pants and dress shoes, unless you want full length shots of that outfit also. Many senior girls are wearing basic black fitted shirts or sweaters for their formal poses. Again, the most important factor in this decision is a flattering neckline. PLEASE CHECK YOUR SCHOOL'S GUIDELINES for what is acceptable to wear in your yearbook portraits, if they specify a backdrop color, when their deadline is and in what form they want to receive your portrait.

Don't forget your letter jacket (doesn't count as a clothing change), class ring or special jewelry. You may also bring your own props, including musical instruments, sports equipment, trophies, your vehicle, a friend or family member or even the family pet!

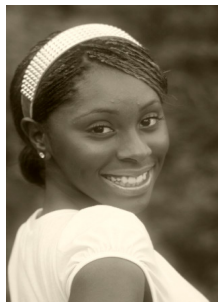

## **Fee Payment**

**Session fees are due at the time of the session.** Proofs will be online and you will receive your file location within 24 hours upon upload. Additional images may be purchased online and will be viewable for 21 days. Please allow 5 - 7 days for session packages and 7 - 10 days for images ordered online. Reprint orders can be placed for up to one year from your session.
